

RECOMMENDED READING

THE LITTLE MAC OS X BOOK

ROBIN WILLIAMS, PEACHPIT PRESS, WWW.PEACHPIT.COM, \$29.95

This book is *not* little; it's about the size of a metropolitan phone book. If you're a beginner and need hand holding, no one does hand holding better than Robin Williams. This book is not just for beginners, but if you are new to the Mac or new to OS X, this is the best book to get you started and will take you painlessly from beginner to intermediate level.

MAC OS X: THE MISSING MANUAL

DAVID POGUE, POGUE PRESS/O'REILLY, O'REILLY.COM, \$24.95

This is your best choice if you're an experienced Mac or PC user. David Pogue offers thorough coverage of OS X, including Unix basics and AppleScript. It's full of tips, shortcuts, and hacks, and offers some useful troubleshooting tips.

THE MACINTOSH BIBLE

CLIFFORD COLBY & MARTY CORTINAS, PEACHPIT PRESS,
WWW.PEACHPIT.COM, \$34.99

Read this book if you're straddling OS X and Classic. It covers OS 9 and OS X, and includes chapters by more than two dozen contributors. This is the most comprehensive guide to Mac software and hardware, offering reviews and buying advice as well as countless tips and tricks.

VISUAL QUICKPRO GUIDE MAC OS X ADVANCED

MARIA LANGER, PEACHPIT PRESS, WWW.PEACHPIT.COM, \$24.99

The Visual QuickPro series is well-designed for quick reference. This is a good choice for a more advanced look at OS X. Read this book after *The Little Mac OS X Book* for more detail on Unix and AppleScript.

WHAT'S ON THE CD-ROM ?

NOTE

The CD-ROM includes freeware, shareware, and commercial tryouts. Freeware is free and fully functional. Shareware is usually fully functional, but you are expected to pay the modest shareware fee if you continue to use the software beyond the trial period. Commercial tryouts may be fully functional for a trial period (typically 14 to 30 days) or may have some features disabled (usually the ability to save or print files).

COLOPHON

This book was created using Adobe InDesign and Adobe Illustrator, on a PowerPC Dual G4 867 Mhz with Mac OS X 10.1.3. The fonts used are Gill Sans for the body text, and Base Monospace for the cover. Screen shots were taken using Snapz Pro and enhanced in Corel PHOTO-PAINT.

The cover was designed by sockho.com.
